E R R A T U M

Released: December 8, 2003

By the Assistant Chief, Audio Division:

1. On November 14, 2003, the staff released a *Report and Order*¹ in this proceeding, reallocoting and changing the community of license for Station WAFF(FM), Channel 297B, from Worcester to Westborough, Massachusetts, as requested by Entercom Boston License, LLC.

2. Footnote 7 is revised to read as follows:

The coordinates for Channel 297B at Westborough are 42-18-11 North Latitude and 71-53-52 West Longitude. While Station WAAF(FM) has an outstanding construction permit (File No. BPH-20030228JE) at Worcester, this minor modification was issued pursuant to Section 73.215 and creates short-spacings to three stations. Specifically, the construction permit for Station WAAF(FM) at Worcester is short-spaced to Stations WFHN-FM, Channel 296A, Fairhaven, MA, WFCC(FM), Channel 298B, Chatham, MA, and WERZ(FM), Channel 296A, Exeter, NH. Since Section 73.207(a) of the Rules provides that "[t]he Commission will not accept petitions to amend the Table of Allotments unless the reference points meet all of the minimum distance separation requirements of this section," Station WAAF(FM)'s construction permit for Worcester may not be used at Westborough for allotment purposes.

Further, consistent with the rationale of this decision set forth in paragraph 3 above and the cases cited in footnote 4, Station WAAF(FM) must implement this change of community proposal at its current licensed site.²

3. Paragraph 6 is revised to read as follows:

6. IT IS FURTHER ORDERED, pursuant to Section 316(a) of the Communications Act of 1934, as amended, that the license of Entercom Boston License, L.L.C, Station WAAF(FM), Worcester, Massachusetts, IS MODIFIED to specify operation on Channel 297B at Westborough, Massachusetts, subject to the following conditions:

(a) Nothing contained herein shall be construed as authorizing any change in license (BLH-19980416KB), except for the community as specified above at its currently authorized site at coordinates 42-18-11 NL and 71-53-52 WL. Any changes, except those specified, require prior authorization pursuant to an application for construction permit. (FCC Form 301).

(b) A license application should be filed to implement this proposal as approved above.

4. The effective date for this *Report and Order* is changed to January 23, 2004.
